LTIS/Primary, Middle, Secondary School/Cr. no/02

Dear Parents,

Due to the changing trend as per NEP policy given by CBSE more of competency based questions are expected in near future. So we want our children to be trained so we are introducing **Ei ASSET program** which is a skill based assessment. It evaluates students conceptual understanding, benchmarks the school's performance at an international level and provides actionable insights through easy- to- understand reports. It helps to diagnose gaps in conceptual understanding in students.

This programme is eligible for students from **class III to IX** and is optional. Fees for the programme will be **₹ 775**. Everyday one practice question will be sent through registered mail.

Interested students can fill in the registration form and return the hard copy of the form along with the amount in a sealed envelope to your class teacher by **15<sup>th</sup> April 2024**.

Exam will be held in first week of December 2024.

**For LTIS**
