BUILDING SAFETY CERTIFICATE

The Two Buildings Structure, both constructed upto still + 3.5 floors belonging to Lokmanya Tilak Jankalyan Shikshan Sanstha, housing a CBSE school named "Lokmanya Tilak Internation School" on Plot No.93-95 and 96-98, Sector-4, Vikas Nagar, Koparkhairane, Navi Mumbai, has been audited by myself for every structural design as per therein, for its structural stability. After due inspection of the afore-mentioned structure, it is found sound and stable in its design and subsequent execution. It's been granted full occupancy certificate by the Navi Mumbai Municipal Corporation for 4705.58 sq. mtrs of Built-up Area vide Certificate No.7269/4735/2013. Dated 23.09.2013 and are safe and stable for the purpose of which it is intended to.

The above-mentioned structure in Plot No.93-95, and 96-98, have been designed to take the load of stilt+7 floors above ground level and the foundations and columns have been designed accordingly as per all relevant IS Codes, IS 1893 for earthquake design and is Hereby Certified Safe and Stable.

Both buildings are enclosed with strong and a high boundary wall with M.S. Iron gates, with entry by purpose only, ensuring safely in all aspects.

The audit has been executed adhering to every prevailing Building Codes and the certificate issued upon request from my client.
